MY FINAL NEWS LETTER

Home Coach's and Parents
 Extremely proud of how athletes took ownership of performances but that comes down to the preparations from the coaches, and their home programs and values instilled by their parents! I couldn't have picked any better, Thanks for being Awesome

Female swimmer of the meet:
 2 females stood out to the coaches both from Red team Claudia Ashby and Brittany Taylor, Brittany was came out tops after an intense discussion, well done girls!!

WHO LET THE DOGS OUT!!!

What an experience!! As a team we first sat down and decided that we wanted to take all opportunities to swim fast and have fun, anything else was a bonus. Right from the start that is exactly what we done, created a culture and environment where this could happen.
 I couldn't believe how fast they gelled and because of the team/family atmosphere, swimmers went out and killed themselves in swims, and fought for every point, not just for themselves but for the benefit of "their" team mates!! Extremely privileged to have worked with such **talented athletes!**

Update points table

Today was the day of the blues, the blues boy's team, all class showing why they're the top boys squad of the meet, winning both 4x100 Fr and IM relays. Getting a huge jump on us in the morning session, but after a good lunch break and team talk, we battled back to close the gap to 15 but wasn't enough and blue ran away with the meet, good work!!!

Team spirit was a huge part of why we were so successful, the willingness to give all to the team!!

WE ARE THE CHAMPIONS MY FRIEND
