

# BLOOD THIRSTY HOUND DOGS

Saturday, 13 November 2014

## Day One

Today kicked off with team selection. All team members received a team shirt and cap. We held our first team meeting and we voted in our team captains and named our team. We decided that we would carry on the 2013 legacy by reclaiming 'Blood thirsty hound dogs'

After a light jog to the pool we had our first session as a team. It was great to get in the water and freshen up after what was a long drive for some of us. The team is looking pretty sharp in the water and are

well prepared for the next few days of racing.

We have spent the evening personalizing our team shirts. The winners of best shirt design were Joseph Belcher and Bianca Donelley each receiving a chocolate bar for their efforts.
