

BLOOD THIRSTY HOUND DOGS

Promising PBs Produces Powerful Platform for Fantastic Finale

Monday, 15 December 2014

Day two brought with it some ups and downs. BTHD have won three from four pool sessions and have managed to maintain our lead on the point table. Finishing the day on 525

points. Unfortunately we have had to race one team member down due to an injury this afternoon. We would like to commend the efforts of all our team members. Everyone has stepped up, not only fill the gaps but have lifted their intensity to stay on top of the game.

Our swimmers of the sessions have demonstrated their ability to get in, and back up each race. These swimmers have been our highest points contributors for the day.

During our session break we

had the privilege of having Tarana-ki's own Aquablack, Charlotte Webby, come in to talk with our athletes. She provided some great insight to opportunities to those who are willing to put in the time and effort to achieve on the international stage.

Swimmers of the Session

Session 1

- Maddison Tabuteau
- Johnson Bishop

Session 2

- Zoe Williamson
- Hadlee Dyer

Session 1 PB list
