

GREENGO ALLSTARS

Hello parent - Morning session at the Hawera pool was a great start to the final day and this set us up for a very competitive and enjoyable day. Our kids stepped up to the mark and really did Davey, Kayley and I very proud. We both have to make special mention to all our team members as they started the week adjusting to the anxiety and the workload that they were about to be put through.

We travelled to Hawera early this morning as warm up began at 8am. Time for us to meander out of the pool and walk the kids through the park. It was a great time to press on the kids the importance of the coming day's session. Bella Bassett Foss, Tessa Bradley and Christopher Niven get special mention for putting in the hardest of efforts to place well in their 800m and 400m events.

Second session began with a massive

hiss and a roar with the 16x50 Free Ev.1, We led for the entire event only to get pipped on the line. Outstanding efforts with a lot of special mentions but especially our last swimmer Bella Bassett-Foss shaved 3 seconds off her 50Fr. We battled well and started to pull the other teams in and had a good evening session.

At days end we held our prize giving at the Stratford Club. Team Blood Thirsty Hound dogs eventual winners only just.

Female swimmer of the series. Kaitlin Tippett. Male Swimmer of the series. Hadlee Dyer.

To the kids THANK YOU it has been a pleasure. Parents your children are a credit to you.
