

GREENGO ALLSTARS

And It begins.....

We had an eventful day today, beginning with the bus needing mechanical assistance just after leaving base camp.

First session was tough for our squad members, trying to find themselves in a new team, with new team mates, but ended on a bang. Winning the boys IM and girls Fr relays.

This started off a chain of impressive second session races, which helped to close the gap on the barracudas and hound dogs

After two quick sessions in the pool, we were back on the bus, with a quick stop in Patea to have a photo underneath the waka.
