The coaches meet and the teams were selected, we won the right to pick first colour - Blue and an "A" team of swimmers came our way. After lunch we meet up and our team received their caps, singlet's and bags. A good mix of newbies to Tri Series and some old faces from last year and overall a top bunch of swimmers in all areas! The hardest part of the day was picking our name but once the team settled on True Blue Barracudas t was on. A name that would inspire the team to succeed; they will dominate the pool by committing 100% effort in all areas.

Tem and Jess were selected as Team Captains. And it was off the pool for training.

First in the water, best organised and already in front on team points, there was no looking back for our Blue TEAM! Pace work done it was time to compete the boys against the girls for bragging rights, and the girls came out on top this time. Back home we have team chants sorted, everyone knows what they are swimming tomorrow and we are on to it!

CHECK OUT THIS PICTURE it is called a Barracuda Tornado. See you tomorrow! Aimee and Aiden.
